FOR IMMEDIATE RELEASE

Legendary Players Harold Solomon and Kathy Rinaldi to Endorse SlingHopper Drill Bags...

Fort Lauderdale, FL – June 1st, 2005 —SlingHopper, Inc. today announces Harold Solomon and Kathy Rinaldi's endorsement of SlingHopper Drill Bags. SlingHopper Drill Bags are the latest innovation in teaching aids. SlingHopper Drill bags allow a player to move easily around the court while feeding balls or playing tennis. Harold Solomon and Kathy Rinaldi are former top 10 tour player during the 1980's. Harold Solomon is Director of Tennis at the Harold Solomon International Tennis Academy in South Florida, and Kathy Rinaldi is Assistant Captain of the 2006 Federation Cup.

"Drills become 'ALIVE' with the SlingHopper Pro. The greatest benefit is being able to move around the court and create feeding drills from any spot. This Flexibility helps to create a unique feed without downtime." said Harold Solomon

"The SlingHopper Rally is great when I am working with my son. I spend less time picking up balls and more time hitting with him. The SlingHopper Rally is so portable and easy to pack and store for traveling" Said Kathy Rinaldi

SlingHopper Products

SlingHopper Pro– The Pro Drill Bag is designed for conducting active drills and rallying. It holds up to forty balls and wraps comfortably around the waist without impeding on hitting full strokes. Available for right or left handed players.

SlingHopper Rally – The Rally Drill Bag is a smaller version designed to hold up to 20 balls. Its compact size makes it ideal for rallying and faster play. Available for right handed players.

Availability

SlingHopper Drill Bags are exclusively distributed through Gamma Sports and Gamma Distributors. To locate a SlingHopper dealer near you or to inquire about becoming a dealer, call Gamma Sports at (800) 333-0337, outside the U.S. call (412) 323-0335 or visit www.gammasports.com

SLINGHOPPER INC | Feed with Speed

SlingHopper, Inc was founded in 2001, to create products that would provide tennis coaches more flexibility and interaction with students during drills. The initial product, the SlingHopper Pro Drill Bag holds 40 balls and allows a coach to mix dead ball feeding with live ball feeding, decreasing the downtime between feeds. After success with the Pro bag among tennis coaches, the SlingHopper Rally Bag, with a capacity of 20 balls, was added to the line. SlingHopper bags wrap comfortably around the waist and rest on the hip for unimpeded feeding and play. SlingHopper is endorsed by Nick Bollettieri and used at the Bollettieri Tennis Academy. SlingHopper is exclusively distributed through Gamma Sports. For additional information on SlingHopper products, visit the corporate website at www.slinghopper.com.
